Kids Central Expo at Mumbai was exciting and a fun filled day for children. It was Organised on **14th November, 2011 at WTC, Mumbai**. Events like Magic show by City Sproutz, American Balloon sculpturing and Puppetstory Ron Van Gorder, Book Reading were few of the events that captured imagination of children and kept them busy throughout the day!

Parents found this an interesting platform for children to attend workshops, learn, play and interact with other children.

The event served as a huge opportunity for Organisations from different areas dealing with fun and educational aids for children focused on providing new and exciting products for the young generation. Kids Central Expo was an amalgamation of colors, imagination and creativity.

This Expo was a huge success and many parents opined that such type of Expo's should be held in future frequently. Do check out exiting snapshots of children having fun at the Expo. For those who missed it, be prepared for the next time!! Click here to view the Photogallery: <http://www.alldaykids.com/photogallery>
